Weekly Schedules

The schedules for the next two weeks are attached. Please review them and let me know if you will be out on vacation anytime soon.

MathAlive!

We are looking for some additional volunteers in MathAlive! throughout the week and on weekends. If you are interested in helping out there, please let Bill Miller know at Bill.Miller@PearlHarborAviationMuseum.org.

Interested in Barnstorming?

We are always looking for people to add to our Barnstorming team! Barnstorming is our free outreach program that goes out to 6th grade classrooms across the state to educate students about the science behind aviation. It's a great time! All training is provided. If you're interested, please email Nick Kann at Nick.Kann@PearlHarborAviationMuseum.org

TimeTrex

Tracking Hours During the Down Time

As many of you know, TimeTrex has been down for a couple of weeks and it does not appear that we will be able to get it back up and running. Don't worry! We still have all of the previous data, so your hours up to this point are still recorded. We are looking for a

new system and will let you know as soon as we have it ready. In the meantime, please continue to email me your hours and I will manually add them once the new system is in place. Thank you for your patience as we work on finding a better solution for our time tracking!

Open Cockpit Day Returns Tomorrow!

A Note from our Executive Director, Elissa Lines

Aloha. Hope you are well. Open Cockpit Day is upon us - a very exciting opportunity to welcome our community and especially our youth for a very special experience with our new Youth Aviation Adventure program. Thanks for your help in covering all the challenging areas needed to accommodate so many additional visitors. It is always rewarding to have so many young people in our museum.

Thanks for your support!
Elissa
