

# VOLUNTEER NEWSLETTER

Weekly News | Schedules | New Opportunities

## Weekly Schedules

The schedules for the next two weeks are attached. Please review them and let me know if you will be out on vacation anytime soon.

## Volunteer Meeting

Our next volunteer meeting will be held on Saturday, May 18th at 9:00AM in the Education Center. There will be coffee and donuts provided. Hope to see you there!

## Education Programs

We have lots of great education programs coming up this summer - from Flight School to Midway Youth Day. If you know anyone in the community who might be interested in participating in these programs, please direct them to our website for more information. These programs are open to grades 3-12 and registration is happening now!

## CPR Training

The museum is offering CPR training to volunteers whose certification has expired or to those who would like to become certified. Please let me know if you are interested in the training. The training will take place in June.

## FLIGHT ADVENTURES

### Flight Adventures: May 31st, 2019 & June 1st, 2019

#### *Volunteers needed for family-friendly event*

Flight Adventures is back! This family-friendly event will include youth activities on Friday afternoon and a variety of STEM activities, open cockpits, RC aircraft lessons and a morning *and* afternoon airshow on Saturday. We will need volunteers for both Friday, May 31st and Saturday, June 1st. We are looking for afternoon help on Friday, and morning, afternoon and full-day shifts on Saturday. Please let me know if you are interested and available to volunteer.

### New Season, New Changes

#### *A Note from our Executive Director, Elissa Lines*

Aloha. We are on a fast and furious pace. As we look to the approaching summer, there are many projects that we hope will be completed. A major change will be the introduction of full motion flight simulators that are fully articulating - 360 motion on both axes. We hope to complete the library located on the newly restored first floor of the operations building, the base of the Control Tower. And, progress has been outstanding on the restoration of the TBM Avenger. If you haven't, please take time to visit the team in the Restoration Shop. Their progress is amazing. Once completed, the TBM and the Stearman will be displayed together (exhibit not yet designed) to share the story of service of our late President George H. W. Bush. Please feel free to share any feedback!

Mahalo,  
Elissa
