Weekly Schedules

The schedules for the next two weeks are attached. Please review them and let me know if you will be out on vacation anytime soon.

Golf Carts

Please be aware of your speed while driving the golf carts. Some of our golf carts are second hand and cannot be driven at fast speeds. Please be aware that, as a golf cart driver, you are expected to go back and forth between hangars. Recently, we have received complaints and want to ensure that all of our volunteers are aware.

Mahalo Nui Loa

I would like to express my sincere gratitude to those who volunteered this past weekend for Flight Adventures. We welcomed over 2,615 visitors of all ages to the Museum. 222 kids were able to fly RC planes with our pilots, and we had two exciting RC airshows with pilots from the local Paradise Flyers club and the Warbirds West from the mainland. A big THANK YOU goes out to all of you for the work that you do to ensure our Museum's success!

Volunteers Needed

Flight School for Girls & Boys

We are looking for volunteers for our Flight Schools here at the Museum. On the last day of Flight School, we run an activity called "Discover Your Future in Aviation", and are looking for aviation

professionals to come in and discuss their careers with our students. If you would like to bring in some props or memorabilia to show the students, please feel free to! We are looking for volunteers for our **Flight School for Girls - June 21st - 1:30PM-3:30PM** and for our **Flight School for Boys - June 28th - 1:30PM-3:30PM**. During the "Discover Your Future in Aviation" activity, you will be seated at a table and 6 groups of students will rotate to you for approximately 10 minutes each. There will be a short break, then we will wrap up our week long program with a Winging Ceremony. We would love for you to stay and help us pin the wings on our students as they come up! Please let Kate Barber know if you are interested in joining us for either one or both dates. Kate's email is kate.barber@pearlharboraviationmuseum.org.

Great Success at Flight Adventures!

A Note from our Executive Director, Elissa Lines

Aloha. Let me start with a thank you for your help during Flight Adventures. What a stellar day! It was so exciting to see so many children participate in the flight training portion of the program. Watching the expressions on their faces as their RC aircraft took off and landed and then hearing their excitement as the pilot endorsed their logbook was priceless. The thrill of flight remains a strong motivator for young people. Though they easily get absorbed in their video games, standing on the runway and trying to counter the effect of the wind and ground-effect gravity as they approached landing made it so real! Watch for the opening of our new flight simulators next week!

As always thanks for your support,
Elissa
