Sunken Roads: Three Generations after D-Day

Saturday, June 8th

Please join Pearl Harbor Aviation Museum and special guest host, RADM Brian P. Fort, Commander, Navy Region Hawaii and Naval Surface Group Middle Pacific, for the preview of: **Sunken Roads: Three Generations after D-Day.**

Timed to commemorate the 75th Anniversary of D-Day, this documentary follows a young woman who joins a group of D-Day veterans who served with the filmmaker's late grandfather on a pilgrimage to retrace their route from World War II. She is twenty years old - the same age as the veterans when they stormed the beaches in 1944. Sunken Roads tells the story of their journey, painting an intimate portrait of these soldiers during their final return to Normandy. Please RSVP to vangie.villa@PearlHarborAviationMuseum.org or call 808.447.1794. Please note that seating is limited and a \$10 donation at the door is suggested.

New Flight Simulators!

A Note from our Executive Director, Elissa Lines

Aloha. What a busy week and for those helping us set up for Flight Adventures, what a busy day! It is so exciting to see all the hard work come together. We look forward to inspiring many young people tomorrow, lighting the fire of their imagination. Keeping you informed, our flight simulators have arrived. We will be dismantling our P-40 flight sims early next week and setting up the new units. Should be a very fun addition to the visitor experience. Katie shared the Sunken Roads premier set for June 8th - please join us for this very special event!

As always thanks for your support,
Elissa
