## Exciting Public Programs Ahead

*A Note from our Executive Director, Elissa Lines*

Aloha. Hope everyone had a great week. Our June financials were just reported - a great month! The flight simulators are really on fire; our team continues to serve 90 or more visitors nearly every day. Over the next few months, we will have a flurry of activity, public programs that add to the experience of coming to our museum. Hope to see many of you at the movie tomorrow, "The Day We Walked on the Moon", the movie "Eleven" on August 31st, a collection of oral histories about the members of the Pacific Theater Carrier Air Group 11, Living History Day on September 21st, and finally, the opening of our next interactive exhibit inside the Raytheon Pavilion. Called Above & Beyond, this interactive aviation and aerospace exhibit will fire up the imagination of all who visit. Hope to see you at all of these wonderful events!

Thanks again for your support,  
Elissa
