Weekly Schedules

The schedules for the next two weeks are attached. Please review them and let me know if you will be out on vacation anytime soon.

Marketing Volunteer Needed

Our Marketing Department is in need of volunteers who have experience with analytics, research, and reporting to help compile data. They are looking for someone who can commit to a few hours each week for the next two weeks to compile data into a spreadsheet and help spot different trends or patterns. Please reach out to me if you are interested.

Restoration Meetings

The Restoration Team meets at 9:00AM on the first Thursday of every month. Light refreshments are provided. There are two safety presentations, a PowerPoint presentation on current projects, and an open Q&A with the Restoration Director.

Back To School Summer Bash

Volunteers Needed for Saturday, August 10th

We're celebrating the end of summer, the last weekend of our internationally acclaimed traveling exhibit, MathAlive!, and the start of a new school year. We need **two** volunteers to hand out special gift packs at a table outside of MathAlive! from 9:00AM-5:00PM on Saturday, August 10th. Please let me know if you are interested in volunteering at this event.

New Interactive Exhibit Coming Soon

A Note from our Executive Director, Elissa Lines

Aloha. Great week at the museum, great month! As we launch the final month of our summer traffic, we have several exciting programs planned that we hope both visitors and our community will take advantage of. MathAlive will be closing on the 15th of this month, but plans are in place to bring in the next exciting, interactive exhibit called Above & Beyond. Designed by the same company, Evergreen Exhibitions, the focus of this high engaging exhibit is aviation and space. Created by Boeing in conjunction with NASA, it will take visitors on a journey exploring and experiencing flight in all forms. We hope to install this exhibit by October of this year. Watch for details. In the meantime, Rod and his team are busy finishing up our Guadalcanal exhibit and will be installing a wonderful backdrop to bring a bit more life to our P-40 Flying Tiger display.

Thank you again for all your support,
Elissa
