Volunteers Needed

Volunteers Needed for Upcoming Above & Beyond Exhibit

Above & Beyond will be coming to Pearl Harbor Aviation Museum in mid-October. The exhibit is slated to open October 25th and will be here until March 30th, 2020. This fantastic exhibit features immersive simulations, interactive design challenges, iconic historical touchstones, visionary concepts for the future, and inspiring stories from game-changing innovators, past and present. We will be staffing this exhibit with 2 hour shifts and would like to begin looking for volunteers who are interested in volunteering at Above & Beyond. Please let me know if this is something you are interested in so we can begin building a schedule. Feel free to reach out to me or Bill Miller if you have any questions. Check out the website to find out more about this exhibit. <https://aboveandbeyondexhibition.com/>.

A Successful Living History Day

A Note from our Executive Director, Elissa Lines

Aloha. Another busy week following our extremely successful Living History Day. We welcomed 3,111 visitors and provided 202 with a tremendous opportunity to fly our Flight Simulators. It was a great day for kids and families alike. This type of program provides the best opportunity to showcase our programs and facilities, building our engagement within our community. October will be another busy month. Watch for news on our soon to arrive Above & Beyond interactive exhibit, the next traveling exhibit to be installed in our Raytheon Pavilion. The experience continues!
