

# VOLUNTEER NEWSLETTER

Weekly News | Schedules | New Opportunities

## Volunteers Needed for Marketing Photo Shoot

Our Marketing Department is looking for volunteers for a photo and video shoot on Sunday, February 23rd from 10AM-3PM. We are creating new content to be used on our website, social media, advertisements and more. As a thank you for helping out, all food and beverages will be provided for those who attend. This assignment will include light to moderate walking and standing around the Museum, as well as several stops and starts as we reposition and reshoot. Please let me know if you are interested in this opportunity. The group will be meeting at 9:45AM in the front lobby of the Museum. Let me know if you have any questions.

## Bridge Closure - 2/26/20

Please note that the bridge will be closed on Wednesday, February 26th from 9:00AM-10:30AM. Please plan your arrival to the Museum accordingly and let me know if you have any questions or issues.

## Hangar Talk With Ted Edwards

*The Life of Fighter Ace Stanley "Swede" Vejtasa*

Join us for a fascinating Hangar Talk with Ted Edwards, noted historian and author of the riveting biography, *Seven At Santa Cruz, The Life of Fighter Ace Stanley "Swede" Vejtasa*.

The book details how Stanley became a World War II naval hero, flying heroic missions during the battle of the Coral Sea and the Battle of Santa Cruz, where he single-handedly shot down two Japanese dive-bombers and five torpedo bombers attacking the USS Enterprise.

Join us on Sunday, February 23rd at 1:30PM in the theater followed by a meet and greet at 2:45PM. We look forward to seeing you there!

## Preliminary Work Is Underway for the Tower Elevator

*A Note from our Executive Director, Elissa Lines*

Aloha. Hope you are well. You may have noticed the trucks parked in front of the Control Tower. Yes, they mean what you think! Preliminary work is underway to prepare the shaft for the elevator repair work that will begin in early March once all the parts arrive. Otis will begin the full project shortly. We also hope you appreciated the landscaping completed to prepare Bldg. 97 for the pending restoration. It was terrific to see the building for the first time. Progress has been slow but steady.

We appreciate all your support.

Mahalo  
Elissa
