## Come Volunteer at Our Annual Open Cockpit Day

*Volunteers Needed on Saturday, April 4th*

We are still looking for volunteers to help at our annual Open Cockpit Day on Saturday, April 4th. There will be open cockpits, remote-control flight instruction for youth, hands-on STEM activities and information about training, education, and career opportunities in aviation. I have attached a set of volunteer job descriptions for the event. Please review and let me know if you or someone you know might be available to help that day. Let your friends and family know that they can download tickets at: <https://www.smithsonianmag.com/museumday/museum-day-2020/>.

## March Has Rolled in Like a Storm

*A Note from our Executive Director, Elissa Lines*

Aloha everyone. March has rolled in like a storm. We are all very concerned by the impact of the Corona Virus and hope everyone remains healthy. We have placed hand sanitizers strategically around the museum and encourage everyone to wash their hands vigorously - 20 seconds with soap or disinfectant - and try to keep your hands away from your face. If you are not feeling well, we advise that you plan to stay home and recover as you might be more vulnerable to airborne or other germs. We will keep you posted of all official communications from our NPS and Navy partners. Please take care of yourself and feel welcome to pass on any suggestions that you may have to help us deliver a better experience to our visitors.
