Weekly Schedules

The schedules for the next two weeks are attached. Please review them and let me know if you can fill in anywhere or if you will be leaving on vacation.

Flight Adventures Debuts this Weekend!

Don't forget about Flight Adventures happening this Saturday from 9:00am - 3:00pm! We'll have a variety of hands-on STEM activities, RC flight lessons and a 3-hour RC airshow. If you'd like to help out, we still have a few volunteer spots available!

Museum Polos

I know several of you are in need of new shirts. We are working on updating our volunteer uniform policy and hope to have that resolved soon. Once we have worked that out, I will notify you when new shirts have arrived.

Volunteers Needed for Fire Watch and Chaperones for Summer Programs

Have you ever wanted to spend the night on the USS Missouri?

Our summer STEM programs will be starting this month and we have a few opportunities for volunteers to sleep over on the USS Missouri! We need male and female volunteers for fire watch and to serve as chaperones for a group of Sea Cadets who will be visiting in June and for our Aviation Adventure camp. The dates are June 28, June 29, July 31, and August 1.

This is a great chance to see the USS Missouri, as well as help make sure our students have a fun and safe time during their overnight camps. If you're interested in helping out with these opportunities, please email me.
